Consumer Advice: Which types of work are covered in each of NAPIT's Schemes

The following tables show which schemes might apply to different trades. Where more than one scheme could apply the scope of certification of the NAPIT Scheme Member would determine what they are approved to do and how they should proceed.

These lists are specific to work in domestic properties.

Key to Scheme abbreviations:

CPS	Competent Person Scheme, including Registered Competent Person – Electrical (England & Wales)
EAS	Electrotechnical Assessment Scheme (UK)
EIS	Electrical Inspector Scheme (UK)
MCS	Microgeneration Certification Scheme (UK)
EEM	Energy Efficiency Measures Scheme (UK)
TM	TrustMark Consumer Code (UK)

Electrical Work

Type of work	CPS	EAS	EIS	EEM	TM
Notifiable electrical installation work in England and Wales - *Full electrical installation* - *One or more new circuits* - *Full or partial rewires* - *Replacement consumer units* - *Circuit alteration or addition in a special location*	✓	✓			✓
Electrical installation work under BS7671 throughout the UK		✓			✓
Electrical heating and lighting systems				✓	✓
Electrical Installation Condition Reporting (EICR)			✓		✓

Small Scale Renewable Energy / Microgeneration Work

Type of work	MCS	CPS	TM
Solar photovoltaic (PV) systems up to 50 kW	✓	✓	✓
Small wind turbines up to 50 kW	✓	✓	
Small scale hydro-turbines up to 50 kW		✓	
Micro-cogeneration (mCHP)	✓	✓	
Solar thermal systems up to 45 kW	✓	✓	✓
Biomass heating systems up to 45 kW	✓	✓	✓
Heat pump systems up to 45 kW	✓	✓	✓

Heating Work

Type of work	CPS	EEM	TM
Oil heating (including storage tanks, pipework, boilers and other appliances)	✓	✓	✓
Solid fuel heating (including non-masonry chimneys, but excluding biomass)	✓		✓
Heating systems (central heating including electric boilers, underfloor heating)	✓	✓	✓
Hot water storage and systems (vented and unvented cylinders)	✓	✓	✓

Plumbing Work

Type of work	CPS	EEM	TM
Replacement sanitary ware (sinks, baths, showers if the replacement is not like-for-like)	✓		✓
Wholesome cold water supply	✓		✓
Non-wholesome cold water supply to a sanitary convenience	✓		✓
Water efficient taps and showers	✓	✓	✓
Hot water storage and systems (including vented and unvented cylinders)	✓	✓	✓

Ventilation and Air Conditioning Work

Type of work	CPS	EEM	TM
Mechanical ventilation systems (with heat recovery)	✓	✓	
Mechanical ventilation systems (without heat recovery)	✓		
Extractor fan in a new building (same room as an open-flued appliance)	✓		
Air conditioning systems	✓	✓	✓

Building Fabric Energy Efficiency Improvement Work

Type of work	CPS	EEM	TM
Energy efficient replacement windows and doors	✓	✓	✓
Cavity wall insulation	✓	✓	✓
Solid wall insulation (internal and external)	✓	✓	✓
Roof insulation		✓	
Replacement roof covering	✓		✓
General insulation improvements (loft insulation, floor insulation, draught proofing)		✓
